REQUEST FOR RECONSIDERATION OF CERTIFICATE OF CORRECTION

Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

This request for reconsideration is being filed per telephone conversation with Henry Randall conducted on October 23, 2008, in which Mr. Randall suggested that this reconsideration be filed, at which time it will be passed along to the appropriate Supervisory Patent Examiner responsible for reviewing this request for reconsideration.

In reviewing the above-identified patent, an error was discovered in the Foreign Patent Documents section on the first page, which requires correction to preserve the accuracy of the patent.

The error noted is set forth on the attached copy of Form PTO-1050 (Rev. 3-82) in the manner required by the Commissioner's Notice.

Specifically, upon review of the documents cited in the Foreign Patent Documents section, it was discovered that JP 407074245, which was originally listed on the PTO-892 which accompanied the Office Action dated October 14, 2004, is a typographical error and not a patent document. Thus, Applicants respectfully request that "JP 407074245 3/1995" be deleted from the Foreign Patent Documents section of the first page. Applicant requested that this be

corrected in a filing of July 27, 2005, but the Patent Office appears not to have made the correction. A copy of the correction information disclosure statement and the PTO-1449 dated July 27, 2005 are attached hereto for the Supervisory Patent Examiner's review.

The change requested herein occurred as a result of the Examiner incorrectly citing the non-existent JP 407074245 document in the PTO-892 which accompanied the Office Action dated October 14, 2004. Thus, the Certificate should be issued without expense under Rule 322 of the Rules of Practice. Accordingly, applicants request issuance of the Certificate of Correction.

Respectfully submitted,

Date: October 24, 2008
